

HOW TO GENERATE YOUR OWN QR CODE

1. Open up your individual rider or team profile on the HRFY website. E.g.:
<https://www.rideforyouth.com.au/2022/riders/terry-burnage/>
<https://www.rideforyouth.com.au/2022/teams/synergy-consulting/>

You will be able to find your URL at the very top of your internet browser window

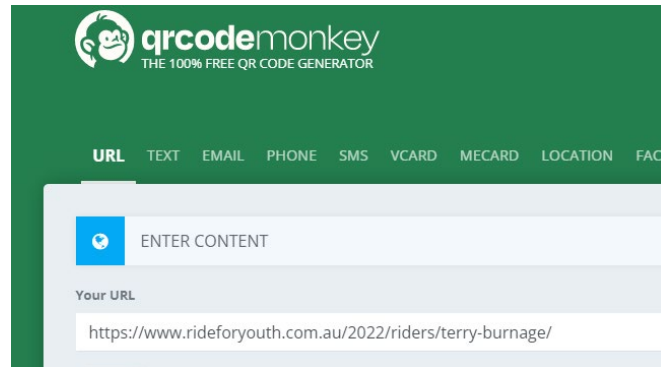

Highlight your URL, right click, and select **COPY**

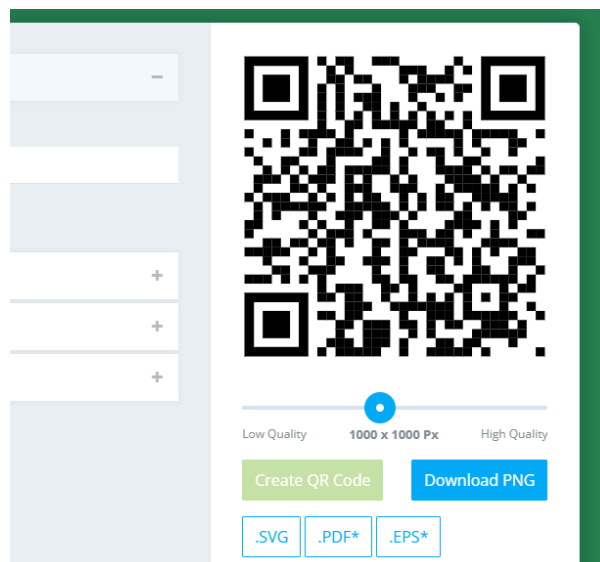

2. Go to <https://www.qrcode-monkey.com/>

Click the “YOUR URL” box, right click, PASTE.

Click “CREATE QR CODE”

You can test the QR code on the screen by opening up your phone camera or QR code reading app.

Your phone should pop up with a prompt to “open webpage www.rideforyouth.com.au....”

You can also click “DOWNLOAD PNG” which will create an image file that will save to your computer or phone.

Now you have your own personalised QR code!
